Dear parents,

Keeping up to our commitment to promote home-school connections, the school is keen to involve you in your child's school life through this newsletter. Therefore, you'll be receiving a newsletter during the unit of inquiry in order for you to be updated with your child's learning, homework, activities, suggestions, and other important information. We hope you find this as helpful as we expect it to be.

"Your children mean everything to us."

Teachers' Corner

We are inquiring about the roles different people play to contribute to the welfare of the community. People, of different backgrounds and interests, perform different jobs that connect to the needs of other people and the environment. This will help us respect the efforts of each community helper and reflect on our own responsibility towards the community we belong to. We will be performing different roles, within our school community, with a high level of commitment and enthusiasm. We are also learning how to use our communication skills to listen to others' ideas and start recognizing our roles within a group.

- عيد المولد النبوي الشريف (٣٠ تشرين الثاني ٢٠١٧)

We are acquiring new vocabulary, sight and high frequency words using comprehension cues. We are reading pattern sentences. We are also learning to recognize some sounds in the real- world and discriminate between pictures and written texts and developing our prewriting techniques to form letters correctly.
